

# Twin Cities User Meeting

## Modelling Bolted Interfaces ANSYS Toolset

Thursday, December 12<sup>th</sup>

3:00-5:00 PM

### Modelling Methods and Strength/Fatigue Evaluation

Join your fellow ANSYS users in the Twin Cities area for a user meeting including technical presentation.

After the presentation, this informal setting encourages users to exchange experiences with ANSYS features, products, and methods new and old.

Meet at 3PM on Thursday, Dec 12<sup>th</sup> at Bryant Lake Bowl

Food and beverage provided! This event is free— nearby street parking is available.

Hosted by Epsilon FEA, the hour-long presentation is followed with informal discussions and networking until five o'clock.

**Please RSVP to reserve a seat:**
